THE UNFITTED KITCHEN CO

Designed by Johnny Grey Studios

PLATE RACK

A simple and transparent way of storing 20 dinner plates,

20 side plates and 5 soup bowls while enjoying their looks. At 600mm wide it fits into small space. Open rack storage also avoids having to dry precious items by hand and there is no need to open and close a cupboard door.

The 2mm diameter stainless bars are strong, rustproof and take up little space. The horizontal dowels are made from iroko coated in Osmo oil, making an easy to maintain soft landing for the china rims of plates. There is plenty of space for storing large diameter plates as the rack is set off the wall by 50mm.

Dimensions

Width: 600 mm

Depth: 170 mm

Height: 630 mm
