CURVED CORNER PANTRY

The curved corner pantry works as stand alone or as a pair.

Singly, it neatly puts a corner of the kitchen to good use. Two of the cupboards together become a full width pantry, swinging open to reveal your store of foods for instant access.

The freestanding half-circular pantry has a storage capacity of two cubic meters. The mesh keeps out flies and allows the contents to look ordered. Lighting at the sides makes the contents look attractive.

Two sizes available
