CAFÉ TABLE SET

A flexible table set allows you to shape your table arrangement and location according to numbers, mood and available space.

The circular table is 750mm diameter circular shape and its crescent shaped cousin interlock. This adds 300mm length when put against its circular neighbour.

If you order **the set – two tables and connector** – the length becomes 1.8 metres. You can add as many as you like. Why not make a banqueting table?
